Good morning! We hope you’re enjoying the end of summer. It has been another busy month for the Coalition and we’re looking forward to keeping up the momentum as we move into fall. Here’s a quick look at events and actions from the past month.

Advocacy Actions

There has been some big news this month. The NPS has a Director nominee, new oil and gas leasing can resume, and national parks continue to handle record-breaking crowds. Here are a few of the actions we took in August:

- **Statement** on the NPS Director nominee
- **Member opeds** on the threat of orphaned oil and gas wells
- **Expressing support** for oil and gas leasing reform
- **Comments** detailing concerns over Air Tour Management Plans
- **A letter** urging DOI to make GAOA funds available to more park units across the system
- **Support** for more park funding on an annual basis, especially as parks face record-breaking crowds
